

# PORTALS OF PRAYER

Add Icon to Home Screen - Android Phone using Default Browser

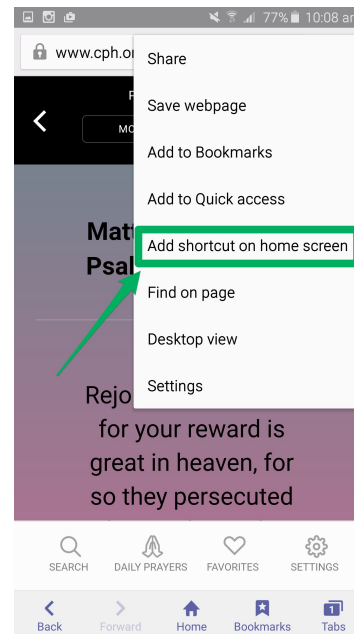

## Step 1:

From the devotion page, click the **More** button at the top of your screen.

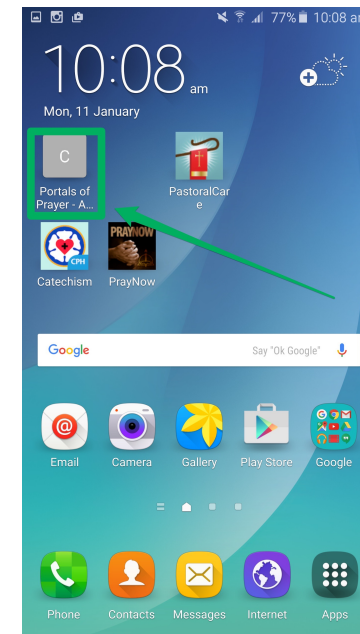

## Step 2:

Click the **Add shortcut on home screen** option from the menu.

## Step 3:

Verify that your Icon works and takes you to Portals of Prayer.

## That's it!

You now have an Icon that will take you directly to the Portals of Prayer website.
